TIPS FOR A FLAWLESS TAN:

NIGHT BEFORE: Exfoliate with exfoliating mitt. Any hair removal to be done 48hrs prior to tanning.

DAY OF TAN: Do not wear any moisturiser, perfume, deodorant or makeup (before tan and before rinsing tan). We recommend you wear dark, loose fitted clothing and slip on sandals to your appointment.

AFTER TAN: Avoid contact with water or perspiration, while tan is developing.

DEVELOPMENT TIME:

LIGHT: 1 Hr, MEDIUM: 2-4 Hrs, DARK: 4-6 Hrs,
ULTRA DARK: 8+ Hrs.

Once you've achieved your perfect shade, jump in the shower, rinse off (No soap) and pat dry.

AFTERCARE:

LASTS UP TO 10 DAYS (WITH JUST A BIT OF TLC)

Stay hydrated and moisturise every 1-2 days. We recommend VANI-T Bronzing Custard every 2 days to prolong life of your tan. Avoid saunas, spas, long hot baths and chlorinated water.
